## How To Make a No-Sew Bandanna

### Supplies:

Colorful cotton fabric  
(holiday-themed if possible)  
Measuring tape  
Fabric marker  
Scissors or pinking shears  
Iron

### Instructions:

1. Lay the cloth fabric face down on a table
2. Use the measuring tape to mark squares on the back of the fabric using a fabric marker. The squares should be varying sizes to accommodate different sizes of dogs.
3. Cut out the squares using scissors or pinking shears.
4. Fold two opposing corners of the square together to create a triangle.
5. Iron along the seam to form a crease.
6. Open the triangle and cut along the crease to create two bandannas of equal size.
